ES-401

Record of Rejected K/As

Form ES-401-4

Tier / Group	Randomly Selected K/A	Reason for Rejection
1/1	027, PZR Press Cont Sys. Malf., AK3.04	K/A reselected to facilitate testing of site-specific focus area related to unit differences (e.g. the Westinghouse 7300 series analog controls of Unit 2 versus the Ovation-based digital controls of Unit 1). Random and systematic reselection of K/A 027 AK3.01 approved by the NRC chief examiner.
2/2	001, Control Rod Drive, K6.11	K/A reselected to facilitate testing of site-specific focus area related to unit differences (e.g. the Westinghouse 7300 series analog controls of Unit 2 versus the Ovation-based digital controls of Unit 1). Random and systematic reselection of K/A 001 K6.02 approved by the NRC chief examiner.
2/1	005, RHR, K5.09	K/A rejected due to being unable to write a sufficiently discriminating question without expending an inordinate amount of resources. Random and systematic reselection of K/A 005 K5.05 approved by the NRC chief examiner.
