Attn: Mr. M. D'Amore, Manager
Columbia Plant
Nuclear Fuel Division
Drawer R
Columbia, South Carolina 29205

Gentlemen:

This refers to the inspection conducted by Mr. E. L. Clay of this office on February 26-28, 1979 of activities authorized by NRC License No. SNM-1107 at Westinghouse Electric Corporation, Columbia, South Carolina and to the discussions of our findings held with Mr. H. Foster at the conclusion of the inspection.

The area examined during this inspection was your program for safeguarding special nuclear material under the applicable provisions of Title 10, Code of Federal Regulations, Part 70, "Special Nuclear Material," and specific requirements of the above license. Within this area, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

Within the scope of this inspection, no items of noncompliance were disclosed.

In accordance with Section 2.790 of the NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractor) believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must include a full statement of the reasons on the basis of which it is claimed that the information is proprietary, and should be prepared so that proprietary information identified in the application is contained in a separate part of the document. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.
