FREEDOM OF INFORMATION
ACT REQUEST

FOIA-79-83
Rec'd 3-21-79

Dear Sir:

Under the provisions of the Freedom of Information Act, 5 U.S.C. 552, I am requesting access to the following records involving the Salem Nuclear Generating Plant (N.J.):

1. Licensee event reports and NRC responses.
2. NRC inspection reports of plant.
3. All communications between the licensee and the agency regarding the effect of the plant on the environment, including references to Delaware Bay and its marine life.
4. The plant disaster evacuation plan.

If there are any fees for searching or copying the records I have requested, please supply those copies without informing me if the fees do not exceed \$100. If the fees are higher, please inform me so that some arrangement can be made for me to examine the records at the appropriate NRC office.

I am requesting this information for a news article.

If all or any part of this request is denied, please cite the specific exceptions that you think justified your refusal to release the information, and inform me of the appeal procedures available to me under law.

I appreciate your handling of this request as quickly as possible, and I will look forward to hearing from you within the 10 day period stipulated in the law.
