In the Matter of  
Long Island Lighting Company  
(Shoreham Nuclear Power Station, Unit 1)  
Docket No. 50-322

Dear Mr. Like:

By your letter dated January 29, 1979, to Mr. Steven A. Varga of the NRC Staff, you referenced certain Staff requests to the Applicant for financial information concerning the Shoreham operating license proceeding. As counsel to the NRC Staff, I am taking the liberty of responding to your letter. I would ask that future requests for information be directed to Staff counsel rather than to the Staff itself.

With regard to your request that the NRC Staff furnish copies of any responses provided by the Applicant to the Staff questions, it is my understanding that the information solicited by the Staff will be provided by the Applicant in the form of an amendment to the Applicant's Final Safety Analysis Report (FSAR). It is also my understanding that Suffolk County as a party to the proceeding is routinely served with FSAR amendments as they are issued. This being the case, the Staff sees no need to honor your request to provide you with a copy of this information.

Sincerely,

Richard K. Hoefling  
Counsel for NRC Staff
