Case 80006

Cementon Civic Association (CCA) Application
For Extension of Time to File Testimony and Exhibits

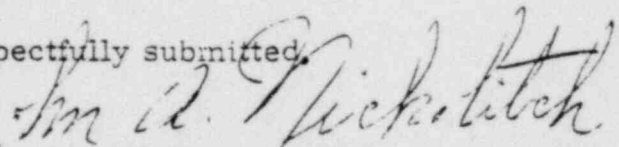

CCA hereby moves for an extension of time for filing its testimony and proposed exhibits in these proceedings. Pursuant to the order resetting dates for further proceedings issued January 5, 1979, CCA must submit its testimony and proposed exhibits on or before March 2, 1979. CCA requests the Joint Board to extend the time for CCA to file the above until March 14, 1979, the pre-hearing conference date.

7903300157

This request is made because of (1) the economic factor due to financial constraints, (2) the brief time available for CCA to review the influx of numerous documents submitted by the Federal and State regulatory and agency staffs, (3) CCA does not have in - house personnel or other equivalent agency and applicant resources to immediately and concisely evaluate areas of submitted testimony which could obviate direct submissions, (4) Key personnel have recently met with tragedy and associated trauma, thereby curtailing substantial preparation procedures to testimony and proposed exhibits, (5) furthermore, the extent of review by CCA to the current submitted testimony by staffs weigh favorably to substantial reduction to the CCA for its need to present direct case testimony, (6) any further reductions abstracted from a careful review of the documents submitted must surely benefit all parties and to be in the public interest.

This request is made pursuant to 16NYCRR 70.7, 10CFR 2.711 of the Rules of Procedure for the NRC, Article IV (D) and especially the guidelines set in Article XII which should be consistent for all parties with Article I of the Joint Hearing Protocol dated Nov. 9, 1976.

Respectfully submitted,

JOHN A. NICKOLITCH
