INTERROGATORIES TO THE STATE OF TEXAS FROM TEX PIRG

Pursuant to 10 CFR 2.740b, Tex PIRG requests that the attached interrogatories be fully answered in writing by Mr. Richard Lowerre, Esq. and any other officers or employees of the State of Texas who have personal knowledge thereof or are the closest to having personal knowledge thereof. Show who answered each question.

For each question show: (a) Direct answer (b) List documents that serve as basis for answer (c) Give name, address, phone number and title of each employee or consultant that has the expert knowledge to answer the question

1. List and make available any documents that relate to the productivity of fisheries in water as hot as expected at Allens Creek Lake?
2. Have any new parks been acquired by the State of Texas since 1974 that are within 150 miles of the Allens Creek site? What are their names? Where are they located? How many acres are in each? Are there water related facilities such as streams or lakes in each?
3. What evidence does the State have since the Three Mile Island accident in Penn. that it is wise, safe, prudent, economic and reasonable to build large nuclear reactors near large cities such as Houston?
4. What fish do the state plan to stock in Allens Creek Lake that can live and produce under the conditions expected to be present in the Allens Creek Lake?
5. What documents or other evidence does the state have that indicates that indicates the reactor vessel can be brought to the site without significant environmental impact?
