

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

OFFICE OF THE
COMMISSIONER

May 3, 1979

Comm
CORR

Mr. Frank R. Barnett
President
National Strategy Information
Center, Inc.
111 East 58th Street
New York, New York 10022

Dear Frank:

You were very kind, as always, to keep me informed of NSIC's work in SALT. The debate is a long and varied one--Congress should have the benefit of as much expertise as is available in order to make their decision.

I appreciate your offer of the complimentary copy and look forward to reading it.

Sincerely,

Richard T. Kennedy
