

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

APR 3 1979

Mr. William Wilcox, Administrator  
Federal Disaster Assistance Administration  
Department of Housing and Urban Development  
451 7th Street, S.W.  
Washington DC 20410

Dear Mr. Wilcox:

This is to confirm the discussions regarding a request for data pertinent to the Three Mile Island (TMI) incident.

1. A joint analysis is being conducted by elements of this organization, EPA and HEW to establish man-rem exposure for the current situation and for future use.
2. Data needed to accomplish this study is not presently available through this organization. We request your assistance in obtaining needed data, as quickly as possible, without interfering in your manpower requirements necessary to respond to the current situation.
3. The following is specific data required:
  - a. Estimated number of people within a 10 mile radius of the TMI Plant each day (taking into consideration the number of personnel that depart and/or return on a daily basis). For your information, enclosed is a graphical distribution of the population within five miles of the site.
  - b. Data should be by day, beginning with the initial incident data and continuing through closing of the incident period.
  - c. Due to the many factors involved, precise measure is not necessary, and accuracy to a factor of 2 is considered adequate.
4. Contact for this request should be Bernard Weiss, 492-8111.

We appreciate the cooperation and courtesies you and your staff have shown during this situation.

Sincerely,

Lee Gossick, Director  
Office of the Executive Director  
for Operations

MEMORANDUM TO: William Wilcox  
Administrator, PDAA

FROM: Lee Gossick, EDO

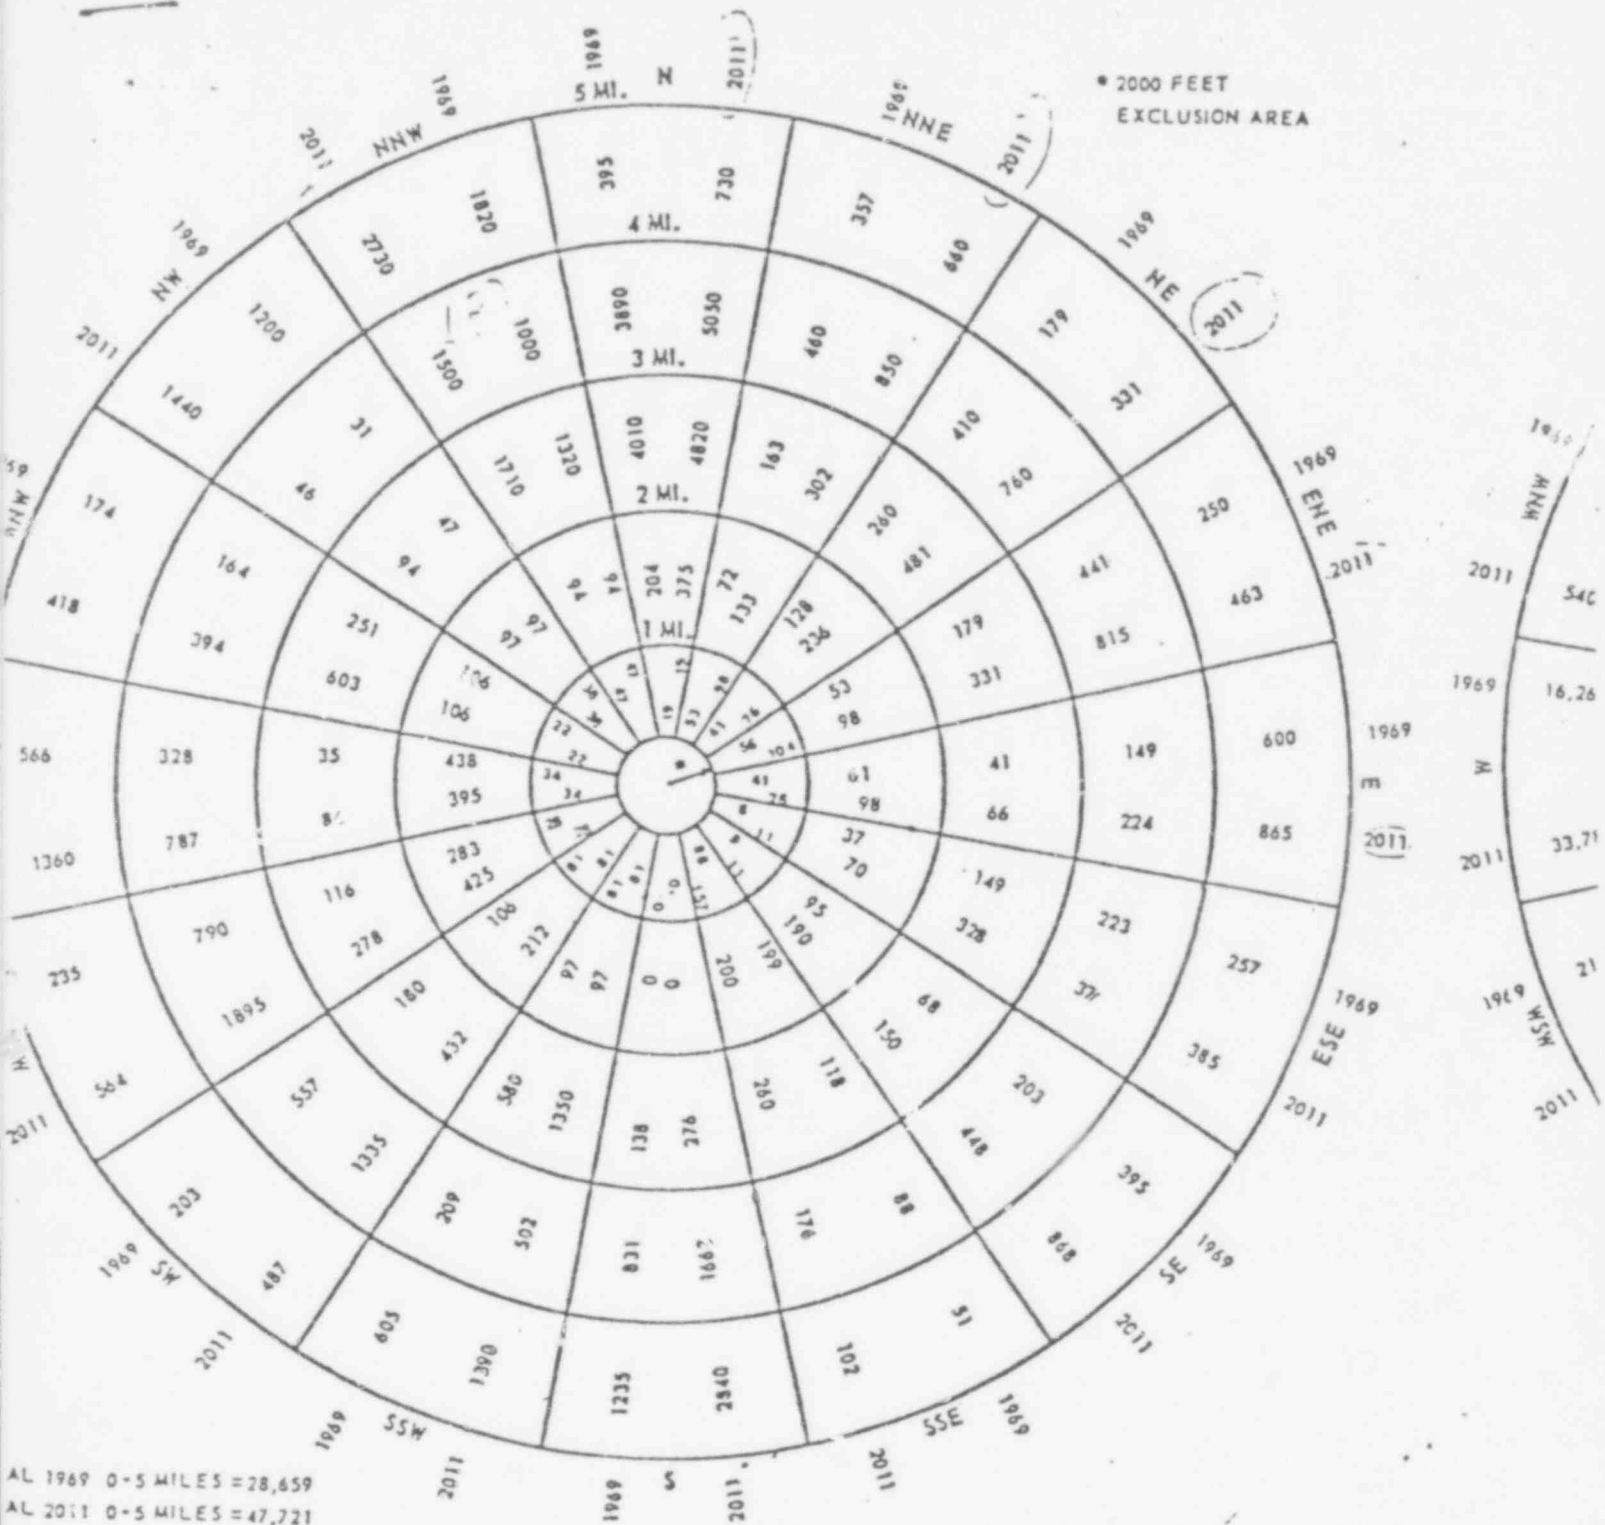

SUBJECT: REQUEST FOR DATA PERTENENT TO TMI INCIDENT

1. A joint study is being conducted by elements of this organization, EPA and HEW to establish man-rem exposure for the current situation and for future use.
2. Data needed to accomplish this study is not presently available through this organization. We request your assistance in obtaining needed data as quickly as possible without interfering in your man-power requirements necessary in responding to ~~the immediate emergency of~~ the current situation.
3. The following is specific data required:
  - a. Estimated number of people within a 5 mile radius of the TMI Plant each day (taking into consideration the number of personnel that depart and/or return on a daily basis).
  - b. Data should be by day, beginning with the initial incident data and continuing through closing of the incident period.

- c. Due to the many factors involved, precise measure is not necessary, and accuracy to a factor of 2 is considered adequate.
- 4. This confirms telephone request made through the FDSA liaison representation with this organization April 2, 1979.
- 5. Contact for this should be Barnard Weiss, 492-0111.

Lee Gossick, EDO
