United States
Nuclear Regulatory Commission
Washington, D.C. 20555

ATTENTION: MR. JOSEPH M. HENDRIE,
CHAIRMAN, NUCLEAR
REGULATORY COMMISSION

Dear Sir:

I am writing you in my capacity as Chairman of the Manitoba Bar Association Sub-Section on Natural Resources and Environmental Law.

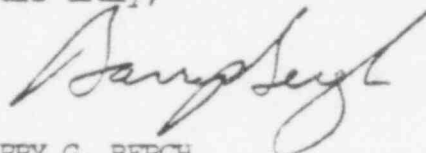

Our Committees are most interested in studying the Three Mile Island nuclear reactor incident at Harrisburg, Pa. In this regard I would appreciate your forwarding to myself the terms of reference for the Committee which has been established to investigate this unfortunate accident, as well as all interim and final reports which it may issue.

I understand that last month a Government Task Force issued a report to President Carter relating to the disposal of radioactive wastes and I would be interested in receiving a copy of that report as well.

I might add that our Sub-Sections have been studying the various legal implications of nuclear power plant operations for some time and that the Three Mile Island incident is accordingly of great interest to us.

Thanking you in advance for your anticipated cooperation.

Yours truly,

BARRY G. BERGH
