Region #1  
631 Park Avenue  
King of Prussia, Penn. 19406

Re: I. E. Bulletin No. 79-19

Dear Mr. Boyce:

In follow up to our initial report on the subject bulletin, the following is our response to those items:

Item No. 3

R. Chapdelaine has been designated as the individual responsible to ensure the requirements of our waste disposal contractor are fulfilled.

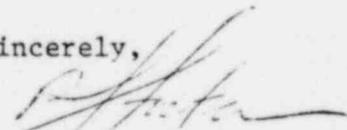

Item No. 4

Management approved instructions and operating procedures relative to the packaging and transportation of low level radioactive materials have been developed. These procedures have been provided to the necessary personnel.

Questions on this matter should be directed to the undersigned.

Note: A typographical error exists in our initial response, dated 9/21/79. The letter mistakenly identified the subject as I. E. Bulletin 79A as opposed to 79-19.

Sincerely,

  
Randall J. Foster
