

28 August 1979

The Director of Region 11
U.S. Nuclear Regulatory Commission
101 Marietta St., N.W., Suite 3100
Atlanta, GA 30303

Dear Sir:

In reply to your letter of August 10, 1979 enclosing IE Bulletin No. 79-19, requiring an answer as it affects NRC licenses held by the Physics Department of the Virginia Military Institute, I am submitting answers to the three questions on page 3 of the bulletin as follows:

1. How many low-level radioactive waste shipments did you make? What was the volume of low-level radioactive waste shipped? *None*
2. What was the quantity (curies) of low-level radioactive waste shipped? What were the major isotopes in the low-level radioactive waste? *None*
3. Did you generate liquid low-level radioactive waste? *No*

Sincerely yours,

James B. Newman
Professor of Physics
