Gentlemen:

This letter is written in response to your Bulletin 79-19 regarding low-level waste disposal.

Hardin Memorial Hospital does not transport, package or ship low-level waste materials. All materials are retained on site until complete decay and then disposed of through the trash.

You will note the complete description of our procedure which is on file with your office. If you have any questions I will be glad to answer them as the consulting radiologic physicist for the hospital.

Sincerely yours,

GWC:md
