Change in Pilgrim Station Modified
Amended Security Plan

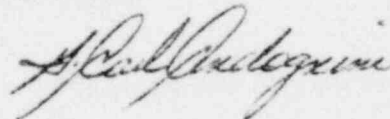

Dear Sir:

In accordance with the provisions of 10 CFR 50.54, you are hereby notified of a change in the Pilgrim Station Modified Amended Security Plan. A careful analysis of the change has determined that the physical modification does not decrease the safeguards effectiveness of the plan.

The enclosure describes the physical change which is incorporated in the MASP, and should be added as Section 3.2.1.2.4 of the plan.

Pursuant to Section 2.790(d) of 10 CFR Part 2, we are withholding the information provided in Enclosure 1 of this letter from public inspection. Withholding from public inspection does not affect the right, if any, of persons properly and directly concerned with the project to inspect the information.

Very truly yours,

Enclosure
