U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Jim:

We are running behind in getting you our comments on the current standard tech. spec. on fire protection.

We expect to have them consolidated and ready for you by April 6. Sorry for the delay.

In regards to the cast iron repair request, we are proceeding and have made initial contacts with sources of information that should be applicable.

Very truly yours,

Edward A. MacDougall
