

March 11, 1980

Director of Nuclear Reactor Regulations  
Attn: Mr. Thomas Ippolito, Chief  
Operating Reactors Branch #3  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Dear Mr. Ippolito:

Subject: Nine Mile Point Unit 1  
Docket No. 50-220  
DPR-63

On February 25, 1980, Niagara Mohawk submitted a revised combined Security and Safeguard, Contingency Plan. Upon further review, several additional changes are proposed for the Central Alarm Station and Secondary Alarm Station operators responsibilities. These changes provide for a more expeditious implementation of our compensatory measures. Enclosed are five copies of revisions dated March 4, 1980, which reflect these changes.

Pursuant to Section 2.790 of the Commission's Rules of Practice and Part 9.5 of the Commission's Regulations, we hereby request that the material submitted with this letter be withheld from public disclosure.

Very truly yours,

NIAGARA MOHAWK POWER CORPORATION
