DEFICIENCY A

General Office Review Board (GORB) meeting No. 24 was conducted with alternates not duly appointed according to Technical Specifications 6.5.2.B.3. This item requires that alternate members of the GORB be appointed in writing by the chairman or vice-chairman to serve on a temporary basis.

RESPONSE TO DEFICIENCY A

GORB chairman, Mr. J. R. Thorpe, has initiated two separate ways to insure the meeting will comply in the future with Technical Specification 6.5.2.B.3.

- 1) A list of alternates for each member is being developed to assure a quorum will be present.
- 2) If additional alternates are needed, they will be designated in advance in writing.

We will be in compliance prior to the next meeting and these steps should ensure future compliance.
