Gentlemen:

Under the Beaver Valley Power Station, Unit No. 1, License DPR-66, and in accordance with the requirements of Section 5.6.1.B of the Environmental Technical Specifications, the Semi-Annual Effluent and Waste Disposal Report is hereby submitted. This report has been prepared in accordance with USNRC Regulatory Guide 1.21, Revision 1, and the format presented in Appendix B of that guide.

The strontium 89 and 90 analysis for the fourth quarter and the dose estimations for the third and fourth quarter have not been completed at this time. This information will be forwarded by March 16, 1979.

Very truly yours,

C. N. Dunn
Vice President, Operations
