Dear Dr. Denton:

Enclosed for filing with the Commission are three originals and 37 copies of Philadelphia Electric Company's Application for Amendment of Facility Operating Licenses DPR-44 and DPR-56. This Application requests changes to the Peach Bottom Technical Specifications relating to the requirement for purging of the containment through the Standby Gas Treatment System.

In accordance with Section 170.12 of the Commission's regulations, I am enclosing a check payable to the United States Nuclear Regulatory Commission in the amount of \$4,400 to cover the filing fee for this Application.

Very truly yours,

Eugene J. Bradley
