OPERATING LICENSE

The U. S. Nuclear Regulatory Commission (the Commission) has completed the review of the Revised ECCS Analysis relating to the Zirconium-Water error and has terminated the April 21, 1978 Order for Modification of Facility Operating License No. DPR-66 issued to Duquesne Light Company, Ohio Edison Company and Pennsylvania Power Company (the licensee) of the Beaver Valley Power Station, Unit No. 1 (the facility) located in Beaver County, Pennsylvania. This action is effective as of the date of issuance.

This action complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the related Safety Evaluation. Prior public notice of this action was not required since this action does not involve a significant hazards consideration.

The Commission has determined that the termination of the Order for Modification will not result in any significant environmental impact and
