Walnut Creek, California 94596

Re: Docket No. 50-133  
License No. DPR-7

Dear Mr. Engelken:

This is in response to your letter dated December 7, 1979 which enclosed IE Bulletin No. 79-28 and requested information concerning the use of NAMCO Model EA180 limit switches.

There are none of the subject switches in use or planned for use in safety related equipment in Humboldt Bay Power Plant Unit No. 3.

Very truly yours,

*Philip A. Crane, Jr.*
