Gentlemen:

Subject: Investigation 50-77/79-12

This letter is in response to your letter to the NRC dated December 17, 1979 requesting that various segments of the above referenced report be deleted prior to release to the Public Document Room, as it could negatively impact on your Security Plan. We have reviewed this matter and inasmuch as the petition of Ms. Fitzpatrick has already been made public, we do not concur that the release of these segments of the report will have a negative impact on your Security Plan, with the exception of the first paragraph on page 9 of the report. In the latter case, the paragraph in question will be deleted prior to its release to the Public Document Room.

Sincerely,

  
Boyce H. Grier  
Director
