NRC Docket Nos. 50-498A, 50-499A;
Texas Utilities Generating Company,
et al., Comanche Peak Steam Electric
Station, Units 1 and 2, NRC Docket Nos.
50-445A and 50-446A

Dear Lon:

Some time ago (around February 12, 1980), I received a telephone call from Peter Flynn indicating that the following persons would be called as fact witnesses by Houston Lighting & Power: Durham (CP&L), Hastings (PUB Brownsville), Helyer (LCRA), Frank Meyer (PSO), Oprea (HL&P), Simmons (HL&P), Peterson (Austin), S.B. Phillips (CSR Services), Watson (CSR Services), Poston (San Antonio), and Siegelin (CP&L). My understanding is also that the expert witnesses, as previously designated by HL&P, have not changed.

I would appreciate your notifying me immediately if this listing is incomplete or erroneous. Thank you very much.

Sincerely,

A handwritten signature in cursive script, appearing to read "Fredric D. Chanania".
