DOCKET NUMBER  
PROPOSED RULE **PR - 50 (44FR75167)** <sup>(66)</sup>

February 11, 1980

TO: Secretary of the Commission  
United States Nuclear Regulatory Commission  
Washington, D.C. 20555

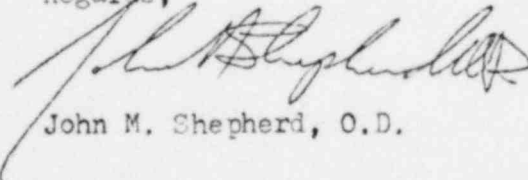

ATTENTION: Docketing and Service Branch

FROM: John M. Shepherd O.D.

This letter is in concerned interest to your proposal concerning local governing bodies of counties within a ten mile radius of a nuclear power facility to file an emergency evacuation plan. I am definitely in favor of the proposal if the filing of the plan is required before a nuclear facility can be allowed to go on line. Adoption of this proposal gives those living in close proximity to the plant to have some voice in the disposition of their future.

Thank you for your time, and any information you can send me regarding this proposal, and its future, will be greatly appreciated. A similar letter is being sent to our fiscal court.

Regards,

  
John M. Shepherd, O.D.
