Thomas J. Martin  
Vice President  
Engineering and Construction

Public Service Electric and Gas Company 80 Park Place Newark, N.J. 07101 201/430-8316

September 3, 1980

Mr. Boyce H. Grier , Director  
Office of Inspection and Enforcement  
U. S. Nuclear Regulatory Commission  
Region 1  
631 Park Avenue  
King of Prussia, Pennsylvania 19406

Dear Mr. Grier:

NRC IE BULLETIN NO. 80-20  
FAILURES OF WESTINGHOUSE TYPE W-2  
SPRING RETURN TO NEUTRAL CONTROL SWITCHES  
NO. 1 AND 2 UNITS  
HOPE CREEK GENERATING STATION

In reply to IE Bulletin No. 80-20 dated July 31, 1980, we offer the following at this time:

We are awaiting a response from our Architect Engineer, Bechtel Power Corporation, for our review and acceptance. We expect to have our investigation completed by November 10, 1980 and we will respond to you at that time.

Very truly yours,

*T. J. Martin*  
TJM
