James G. Keppler, Director
U.S. Nuclear Regulatory Commission
Region III
799 Roosevelt Rd.
Glen Ellyn, Illinois 60137

Dear Mr. Keppler:

We have received IE Bulletin No. 79-19 from your office and wish to respond.

Otterbein College is in the classification mentioned on page 3 of the Bulletin. We have never generated any low-level radioactive waste.

As a precaution, I have circulated the enclosed memo to all possible users, in case wastes are generated in the future.

Sincerely yours,

John A. Taylor

Re: Nuclear Regulatory Bulletin

We have received a bulletin, IE No. 79-19, which concerns the shipment by us of low level radioactive waste.

If we ever need to make such a shipment, it must be made through the Radiation Safety Officer, who will utilize an approved contractor for this purpose.

The purpose of this memo is to remind all users of radioactivity to coordinate all shipments to and from Otterbein through the Radiation Safety Officer.
