Mr. James G. Keppler
Regional Director, Region III
U. S. Nuclear Regulatory Commission
799 Roosevelt Road
Glen Ellyn, IL 60136

Dear Mr. Keppler:

Under separate cover, we are transmitting two (2) copies of the 1979 Annual Environmental Operating Report for the Davis-Besse Nuclear Power Station Unit No. 1.

The data collected are generally consistent with 1978 and earlier data and do not indicate any unusual conditions for Western Lake Erie and the area surrounding the plant site.

Yours very truly,

A handwritten signature in cursive script, appearing to read 'R. P. Crouse'.
