Attention: Mr. James Smith, Senior Project Manager
United States Nuclear Regulatory Commission
Uranium Recovery and Materials Decommissioning Branch
Division of Decommissioning, Uranium Recovery and Waste Programs
Office of Nuclear Material Safety and Safeguards

Dear Mr. Smith,

Reference: Responses to Request for Additional Information (Group 1) on the Application for Amendment of USNRC Source Material License SUA-1475 for the United Nuclear Corporation Mill Site, McKinley County, New Mexico (supplemental submittal)

On behalf of United Nuclear Corporation and the General Electric Company (UNC/GE), this letter transmits revised sections of the *Application for Amendment of USNRC Source Material License SUA-1475 for the United Nuclear Corporation Mill Site* dated September 24, 2018 to address the USNRC request for additional information (Group 1) and clarification comments on RAI 6.3-3 (Items 2 and 3), 6.3-5, 6.3-7, and 6.3-11. USNRC provided the request to UNC/GE via a letter dated May 7, 2019 and the clarification comments via email on July 22, 2019. The revised sections of the application included in this submittal are Attachment L-1 (Radiation Protection Plan) and Appendix Q (Dust Control and Air Monitoring Plan). The revised sections of the application have been submitted electronically via the USNRC Electronic Submissions System.

Please contact me with questions on accessing the documents and contact Roy Blickwedel (UNC/GE) with questions on the submittal.

Regards,

Stantec Consulting Services Inc.
