Fire Protection - Manual Hose Station
(File: 2-1510, 2-2040)

Gentlemen:

As required by the Fire Protection Safety Evaluation Report for ANO-2, the attached information is provided to describe modifications for the manual hose stations in the ANO-2 containment building (Table 3.1, item 3.15).

Due to the large volume of material involved only one copy of the attached information is provided. Should you feel additional copies are needed by your staff for their review, please contact us.

We request that your review of the attached material be completed as soon as possible.

Very truly yours,

David C. Trimble
