Docket No. 50-266

Mr. Sol Burstein
Executive Vice President
Wisconsin Electric Power Company
231 West Michigan Street
Milwaukee, Wisconsin 53201

Dear Mr. Burstein:

Enclosed is a signed original Order dated April 4, 1980, issued by the Commission for Point Beach Nuclear Plant Unit No. 1. The Order requires that testing be performed within 90 effective full power days.

With these additional limits, we have concluded that there is reasonable assurance that the public health and safety will not be endangered by the continued operation of Point Beach Unit No. 1. The basis for this conclusion is contained in our Safety Evaluation Report which is appended to the Order.

A copy of the Order is being filed with the Office of the Federal Register for publication.

Sincerely,

A handwritten signature in cursive script, appearing to read "A. Schwencer".
