Docket Nos. STN 50-510, STN 50-519  
 STN 50-520, STN 50-521

Mr. H. G. Parris  
 Manager of Power  
 Tennessee Valley Authority  
 500 A Chestnut Street, Tower II  
 Chattanooga, Tennessee 37401

Dear Mr. Parris:

SUBJECT: AMENDMENTS TO CONSTRUCTION PERMITS

The Commission has issued the enclosed Amendments No. 3 to Construction Permits CPPR-150, CPPR-151, CPPR-152, and CPPR-153. These amendments are in response to your request dated September 24, 1979, and delete certain commitments made during the course of the environmental review.

We have evaluated the potential for environmental impact of the proposed changes. It is the staff's conclusion that additional studies to estimate and evaluate drift deposition impact are no longer necessary. Having made this determination, we have further concluded that the amendments involve action which is insignificant from the standpoint of environmental impact, and pursuant to 10 CFR Sections 51.5(d)(4) that an environmental impact statement, negative declaration, or environmental impact appraisal need not be prepared in connection with the issuance of these amendments.

A copy of the related Federal Register Notice is also enclosed.

Sincerely,

s/

Donald E. Sells, Acting Branch Chief  
 Environmental Projects Branch 2  
 Division of Site Safety and  
 Environmental Analysis
