In Re: Florida Power Corporation
Crystal River Nuclear Generating Plant
Docket No. 50-302

Dear Sir:

Enclosed are three (3) executed originals and nineteen (19) conformed copies of Amendment No. 25 to the Application for Licenses for Crystal River Unit 3 Nuclear Generating Plant. Also enclosed are an additional eighty-one (81) copies for a total of 103 copies as previously furnished for your distribution.

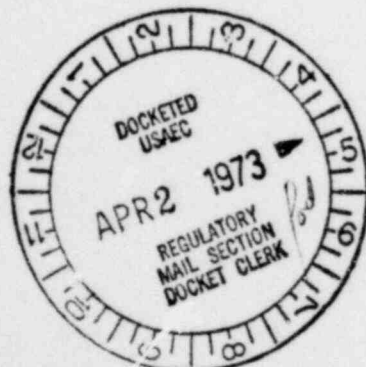

Amendment No. 25 consists of revised pages to the Final Safety Analysis Report and Supplement No. 1 contained therein. Specifically, these revisions contain responses to questions 10.10 and 14.6.8 in Mr. R. C. DeYoung's letter of July 24, 1972; completely revised Sections 1.7, Quality Program and 1.8, Identification of Agents and Contractors; Section 15.0, Technical Specifications; and update pages describing the main steam isolation valves and their effects on accident analyses.

Please contact us if you require any discussion or clarification of the above information.

Very truly yours,

J. T. Rodgers
Asst. Vice President
Generation Engineering
