In Re: Florida Power Corporation
Crystal River Nuclear Generating Plant
Docket No. 50-302

Dear Sir:

In accordance with the procedure contained in Mr. A. Schwencer's letter of May 6, 1974 concerning the distribution of supplementary detailed data, we are submitting three (3) copies of volumes containing detailed EI&C drawings. The revisions to these drawings are in accordance with paragraphs 7.3.2, 7.4, and 8.3 of the staff's SER for Crystal River Unit 3 and are a result of meetings with members of your staff in Bethesda on April 23, 24 and 25 and at the Crystal River Unit 3 site on April 29, 30 and May 1, 1974. A list of the drawings is attached to each volume.

Section 1.5.9 of the FSAR will be initiated in Amendment No. 41 to include a list of these drawings as requested in Mr. Schwencer's letter of May 6, 1974.

If further clarification or discussion of the above information is desired, please do not hesitate to contact us.

Very truly yours,

J.T. Rodgers
Asst. Vice President

January 25, 1971

The Director
Division of Reactor Licensing
United States Atomic Energy Commission
Washington, D. C. 20545

Dear Sir:

In re: Florida Power Corporation
Crystal River Nuclear Generating Plant
Docket No. 50-302

This letter [Original in Triplicate and nineteen (19) Conformed Copies] together with 150 copies of Florida Power Corporation's "Environmental Report for Crystal River Unit 3" which addresses itself to the environmental impact of the Crystal River Unit 3 Generating Plant is forwarded per your request of July 15, 1970.

This submission is not an Amendment to the Application for Licenses Docket 50-302 or a part of the Final Safety Analysis Report. The Environmental Report is submitted in accordance with your letter dated July 15, 1970, addressed to the attention of Mr. A. P. Perez, President, to provide the Commission with certain information to enable it to prepare the detailed environmental statement required by the National Environmental Policy Act of 1969 and the Water Quality Improvement Act of 1970.

We believe that all information requested in your letter is covered in this Environmental Report and should additional information be desired we will, at your request, supplement this Report.

Very truly yours,

J. T. Rodgers
Nuclear Project Manager
