Mr. Lester R. Rogers, Director
Division of Radiological and
Environmental Protection

Washington, D. C. 20545

Dear Mr. Rogers:

Thank you for your letter of December 6, 1971, in which you set forth review procedures which must be followed in connection with all nuclear power reactor licensing actions in light of the recent decision handed down in Calvert Cliffs' Coordinating Committee, et al. v. Mr. Patton and his staff are prepared to cooperate with you in this review process.

With kind regards,

Sincerely,
