# Memorandum

TO : Files

DATE: April 10, 1967

FROM : P. A. Morris, Director *P.A. Morris*  
Division of Reactor Licensing

SUBJECT: FLORIDA POWER CORPORATION

*50-302  
-303*

A meeting was held on April 7, 1967 to discuss preliminary plans of the Florida Power Corporation for nuclear power.

The company plans a single B&W-PWR duplicate of those ordered by the Duke Power Corporation. The site is at Crystal River, about 75-80 miles north of St. Petersburg. Commercial generation is scheduled for April 1, 1972. It is hoped that the Construction Permit application will be filed about the middle of July. Gilbert Assoc. will be the architect-engineer, Sid Stoller will advise on the fuel cycle and NUS on the 'ologies.

Present were:

A. P. Perez, VP of Operating Departments  
E. H. Dunn, Jr., VP and General Counsel  
H. Everts, Office of General Counsel  
Roy Snapp, Washington lawyer  
H. L. Price  
C. K. Beck  
M. M. Mann  
P. A. Morris
