The Director
Division of Reactor Licensing
United States Atomic Energy Commission
Washington, D. C. 20545

Dear Sir:

In re: Florida Power Corporation
Crystal River Nuclear Generating Plant
Docket Nos. 50-302 and 50-303

Enclosed are three (3) executed originals and nineteen (19) conformed copies of Amendment No. 3 and Supplement No. 2 to the Construction Permit Application for our Crystal River Nuclear Generating Plant - Units 3 & 4. Also enclosed are an additional eighty-one (81) copies of each for updating the balance of the copies of the Preliminary Safety Analysis Report filed with the original Application.

Amendment No. 3 modifies the Preliminary Safety Analysis Report so as to include design information on engineering changes covered in recent discussions with your staff.

Supplement No. 2 contains the final sub-surface testing reports and other information requested of the applicant by your staff.

Very truly yours,

J. T. Rodgers
J. T. Rodgers
