Dear Mr. Muller:

This will acknowledge receipt of your letter of September 11, 1972, by which you provided the Draft Environmental Impact Documentation pertaining to Florida Power Corporation's Crystal River Unit No. 3, for our review and comment.

Coordination with the staff of the Division of State Planning, who operates the state clearinghouse for such matters, indicates that the Department of Natural Resources should provide its review comments to the Division of State Planning for a consolidated state position. Accordingly, the Department of Natural Resources will provide its comments through the Division of State Planning.

Sincerely,

Randolph Hodges
