Dear Mr. Hendrie,

I am a student, who is extremely interested in the accident at the Three Mile Island nuclear power facility. I am writing you, because I need some information concerning this accident. If at all possible, could your agency provide me with this information? I have few specifics on the information, but I would like information concerning the history of your agency for background and any preliminary information on the accident in question, including information on Unit 2's exemption from some federal radiation containment regulations. I already have a chronology of events that happened at TMI. I am going to use this

information in a report on nuclear
power. I hope you can get this
information to me as soon as you
can.

Sincerely Yours,
Dennis Roy Clark
