SUBJECT: Beaver Valley Power Station - Unit No. 2
Docket No. 50-412 CPPR-105

Gentlemen:

Due to studies of electric service requirements and construction expenditure forecasts over the next several years we have deferred the scheduled fuel load date of Beaver Valley Power Station Unit No. 2 from December 31, 1983 to December 31, 1985. The commercial operation date is scheduled for May 31, 1986. Our schedule for submission of the Final Safety Analysis Report and Environmental Report is December 31, 1982.
