Re: TMI Restart

Gentlemen:

I recently received a copy of a notice announcing a meeting between MET Ed/GPU and NRC Staff to discuss a large number of "open issues" in this proceeding. The notice was dated February 19, announcing a February 26 meeting. However, it was not received in my office until the afternoon of February 25, too late to permit me to adjust my schedule to attend.

Since it normally takes only one day for mail originating in the metropolitan area to reach my office, it is clear that my copy was mailed several days after the February 19 date.

Had I received notice in time, I would certainly have attended this meeting. I request that, in the future, such notices are mailed to me at the same time they are sent to others and that if the notice is short, I am contacted by telephone.

Very truly yours,

ERW
Ellyn R. Weiss
