Ms. Nancy Prelesnik  
424 Laurel Drive  
Hershey, PA 17033

Dear Ms. Prelesnik:

In the public meeting in Harrisburg on January 29, I promised to send you a copy of NRC's comments on a report entitled "Radioecological Assessment of the Wyle Nuclear Power Plant," also widely known as the Heidelberg Report. A draft version of NRC's comments is currently undergoing review within NRC. The final version should be available in the near future.

I will mail a copy of NRC's comments to you as soon as they are available for release to the public.

In the meantime, I am enclosing copies of the June 1977 and December 1978 memoranda on strontium monitoring, a copy of the "Environmental Assessment on Use of EPICOR-II at Three Mile Island, Unit 2," and a copy of the "Branch Technical Position" on radiological environmental monitoring.

I am pleased to provide you with this information.

Sincerely,

Original signed by:  
Richard H. Vollmer
