GENERAL ELECTRIC COMPANY, P.O. BOX 460, PLEASANTON, CALIFORNIA 94566

April 7, 1980

Mr. C. E. MacDonald, Chief Transportation Certification Branch Office of Nuclear Material Safety and Safeguards U.S. Nuclear Regulatory Commission Washington, D.C. 20555

Ref: (1) Letter with Quality Assurance Program, 6/29/78

(2) Letter, C. E. MacDonald to G. E. Cunningham, 1/1/80

Dear Mr. MacDonald:

Enclosed is a revised quality assurance program for the General Electric Company, Vallecitos Nuclear Center (VNC). The revisions resulted from your request for additional information (Ref. 2). To facilitate your review of the plan we are also enclosing a copy of your request with the page and section where the requested changes have been made noted in the margin.

Sincerely,

G. E. Cunningham

Sr. Licensing Engineer
