Mr. Douglas Weiss  
License Fee Management Branch  
Silver Spring Office  
Office of Administration  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Weiss:

- (1) Our letter of February 8, 1980 for  
Amendment to Certificate of  
Compliance No. 71-5957
- (2) Your letter of March 3, 1980

Enclosed is our check for \$2,110 for the balance due on the fee for license review under Category 11B of Section 170.31 of Part 170.

Our previous check for \$690 was sent since our interpretation of Section 170.31 of Part 170 is that the specific contents for which this amendment is made come under Category 11C even though the cask also can be used for contents which fall under Category 11B.

We are aware, however, that only actual costs incurred are charged and that the amount of overpayment is refunded. Therefore, in order to expedite the license review, we are submitting the additional funds you requested though we do not fully agree that the amendment review comes under Category 11B.

Sincerely,

Richard J. Burian  
Principal Research Engineer  
Nuclear and Flow Systems Section
