Mr. John F. Churn, Chairman  
 Nuclear Regulatory Commission,  
 Washington, D.C.

Dear Mr. Churn:

Regarding the recent incident at the  
 nuclear plant in Crystal River, Fla. we have  
 been considering recently purchasing a home in  
 Port Richey, Fla. which is about 45 miles  
 south of Crystal River.

We are now concerned about the possible  
 adverse health effect of this latest N-Plant  
 accident, on the general public.

We would appreciate any information you  
 can give us regarding this matter.

- 1) Is it reasonably safe for us to buy a  
 home in the Port Richey area?
- 2) Are there any other N-Plants in the  
 State of Florida?

Sincerely,

Mr & Mrs Modest N. Festa
