Mr. Robert W. Reid, Chief
 Operating Reactors Branch #4
 Division of Operating Reactors
 U.S. Nuclear Regulatory Commission
 Washington, D.C. 20555

Docket No. 50-142
 License No. R-71

Dear Mr. Reid:

The attached letter is in response to your letter of April 17, 1980. Unfortunately, we were not aware of paragraph 2.101 of 10 CFR Part 2, and had not previously notified the appropriate City Office. An inquiry to Mr. Roger Holt Esq. (Office of City Attorney) yielded the information that Mr. Rex E. Layton, City Clerk would be the appropriate recipient of the license application. Mr. Layton stated that the City Council is the governing body of Los Angeles, and that he is indeed the proper recipient.

We have therefore sent Mr. Layton a copy of our license application and a copy of the "Notice of Proposed Renewal of Facility License."

Very truly yours,

Walter A. Woyt
 Director
 Office of Research and
 Occupational Safety

April 28, 1980

Mr. Rex E. Layton, City Clerk
Room 395, City Hall
200 N. Main Street
Los Angeles, CA 90012

Dear Mr. Layton:

The enclosed "Application for a Class 104 License" is transmitted to you in accordance with the provisions of Title 10, Part 2, Section 2.101 of the Code of Federal Regulations. Also enclosed is a related communication which includes a notice filed by the commission for Federal Register publication.

It is our understanding that this is for information and that no response is required.

Sincerely,

Neil C. Ostrander
