NRC Request for Information on the  
 Pilgrim #1 GE Turbine Inspection Findings

- References: (a) Letter T.A. Ippolito to G.C. Andognini  
 dated April 7, 1980.
- (b) Minutes of the March 20, 1980 Meeting  
 Titled "NRC Meeting on Pilgrim #1 and  
 Dresden #3 Wheel Inspection" by D.P. Timo,  
 General Electric Co., dated March 26, 1980.

Dear Sir:

The enclosed information is provided in response to your letter Reference (a),  
 regarding the GE Turbine Inspections findings at Pilgrim Station.

Please note that these documents contain information relating to the referenced  
 General Electric Steam Turbine-Generator and were submitted to Boston Edison Company  
 to assist us in operating the referenced unit with optimum reliability. Infor-  
 mation contained herein should not be disclosed to third parties (except as re-  
 quired by law or government regulations) without the consent of the General  
 Electric Company. Therefore pursuant to Section 2.790 of 10CFR Part 2, we are  
 withholding the information provided in the enclosure to this letter from public  
 inspection.

We trust this information adequately addresses your concerns; however, if you  
 should desire any additional information, please contact us.

Very truly yours,

*G. Carl Andognini*
