CHAIRMAN  
NUCLEAR REGULATORY COMMISSION  
1717 H ST NORTHWEST  
WASHINGTON DC 20555

DEAR MR CHAIRMAN

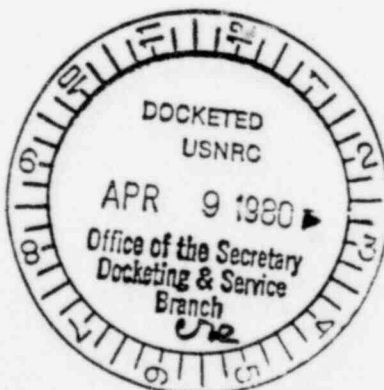

A NATIONAL TELEVISION NEWS BROADCAST RECENTLY STATED THAT THE NUCLEAR REGULATORY COMMISSION WILL RECOMMEND THAT AN EVACUATION PLAN BE ADOPTED BY PUBLIC UTILITY COMPANIES WHICH WILL USE NUCLEAR REACTORS TO GENERATE ELECTRICITY.

AS A MINOR STOCKHOLDER IN PENNSYLVANIA POWER AND LIGHT COMPANY WHICH HAS A NUCLEAR POWER PLANT UNDER CONSTRUCTION ABOUT 16 MILES FROM MY HOME, I AM WONDERING THAT IN THE EVENT OF A MELT-DOWN AT THE NEARBY PENNSYLVANIA POWER AND LIGHT SUSQUEHANNA STEAM ELECTRIC PLANT IN SALEM TOWNSHIP NEAR BERWICK PA WHAT WOULD BE THE MINIMUM AND MAXIMUM RADIUS IN MILES FROM THE PLANT WHICH WOULD HAVE TO BE EVACUATED AND FOR HOW LONG?

SINCERELY  
EDMUND T SULKEVICH
