Inspection Summary:

Inspection on November 13-16, 1978 (Report No. 50-244/78-23)

Areas Inspected: Routine, unannounced physical security inspection by two regional based inspectors. Implementation of accepted Security Plan and applicable sections of 10 CFR 73.55 relative to: Communications; Detection Aids; Testing and Maintenance; and Response Procedures. Followup on licensee action related to IE Circular 78-17, "Inadequate Guard Training"; and on an inspector identified problem associated with the Security Organization. This inspection was initiated during non-regular working hours and involved 50 inspector-hours onsite by two NRC regional based inspectors.

Results: No items of noncompliance were identified in any of the five areas examined.
