PROD. & UTIL. EAC. 50-289

SS.

I, Douglas E. Baker, am the Executive Co-director of the Environmental Coalition on Nuclear Power. Our organization comprises approximately 40 groups and organizations in the Delaware Valley and surrounding areas, including organizations in the Commonwealth of Pennsylvania and State of New Jersey. The total membership of these organizations consist of approximately ten thousand (10,000) individuals who are residents of the aforesaid area. A list of the groups and organizations making up the Coalition is attached hereto and made a part thereof.

The Environmental Coalition on Nuclear Power is primarily concerned with man and his environment, his health and safety, and the attainment of beneficial uses of our environment without degradation, risk to health or safety, or other undesirable or unintended consequences. We are concerned with the aforementioned especially as to how the construction and operation of nuclear reactors relates to these considerations.

On behalf of the membership of the groups and organizations of the Environmental Coalition, I have been authorized to seek to have the Environmental Coalition as a party intervenor in the proceedings before the AEC and its Safety and Licensing Board concerning the application of the Metropolitan Edison Co. for the operating license permit for the nuclear reactors at Three Mile Island.
