Dear Mr. Morris:

Thank you for the safety precautions you and other members of the AEC and JCAFC take in issuing licenses for nuclear plants.

We understand that all information concerning applications for construction and operating licenses and other pertinent documents such as meteorological, etc. surveys, anticipated stack emissions, etc. are available to the public by requesting same from you.

We would appreciate your sending us this information about the Oconee Nuclear Station along with a copy of Technical Information Document 14844.

Thank you very much.

Sincerely,

Mrs. J. M. Waller
