Dear Mr. Bowers:

Attached hereto is a box of documents which will satisfy most of your document requests made on March 24, 1980, or shortly thereafter. The documents are:

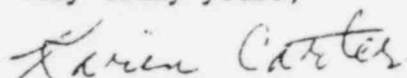

- 1) Copies of revised Commonwealth and county emergency plans as submitted to the Regional Advisory Committee on March 18, 1980.
- 2) Three documents relating to "hazard analysis":
 - a) A letter from Lt. Governor Scranton to Thomas Maloney dated June 20, 1979.
 - b) A letter from Oran K. Henderson to Robert Ryan dated January 11, 1980.
 - c) A letter from Robert Ryan to Oran K. Henderson dated February 7, 1980.
- 3) A copy of a memorandum from Margaret Reilly to Lt. Governor Scranton dated December 21, 1979, and an unsigned copy of a letter from Governor Thornburgh to Jack Watson, both relating to deployment of the ARAC system.
- 4) A PEMA circular entitled "County Fixed Nuclear Facility Incident Response Plan (Guide), dated July, 1979.
- 5) PEMA Emergency Management Directive No. 17, "Establishment of Mass Care Centers," dated September 7, 1979.

The 'memorandum' discussed at page 80 of the Governor's TMI Commission report has not been located and probably does not exist. I have checked with PEMA, BRP, and the Lt. Governor's office with no results and I do not know who else in the Commonwealth would have it. If you have any questions, I would be willing to check other offices.

Also enclosed are the additional interrogatory responses of Mr. Dougherty, with appropriate affidavit. I have not finished collecting supplementary responses to questions 25(c) and 29(a) from all three agencies involved, but I hope to complete that soon.

Very truly yours,

KARIN W. CARTER
